

2022-2023 CDBG PROJECTS

Lexington County Fire Service– Lexington Fire Service will use these funds for the purchase of 1 Fire Service Engine/Pumper truck to update 1 vehicle in a LMI area of Lexington County.

Town of Batesburg-Leesville– The Chemical Feed Modifications at the Batesburg Leesville wastewater treatment plant will replace the existing gas feed chlorine and sulfur dioxide equipment and storage facility. The new equipment will be liquid feed peristaltic pumps, day tanks and bulk chemical tanks manufactured from fiberglass, a spill prevention storage facility and process monitoring equipment to assist plant operations with system control including chemical dosing, emergency conditions, operator notifications and data archiving.

City of West Columbia– This project will upgrade the water system throughout the Mill Village by replacing again infrastructure, including distribution piping and service lines, as well as providing improved fire protection throughout the area.

Brookland Center for Community Economic Change– Brookland-Lakeview Empowerment Center will be using funds for gym renovations. It will include installation of an ADA accessible fire exit, new translucent wall, window paneling, and refinishing the walls, ceiling, and floors.

Minor Home Repair Program– Lexington County Funds will be used to assist approximately 55 low and moderate income homeowners with minor repairs to their homes.

Joint Municipal Water and Sewer Commission- Installation of approximately 4,300 LF of 8" watermain in the Town of Pelion. The watermain extension will improve water quality and fire flow to Pelion Elementary School, Pelion Middle School, and Pelion High School.

Irmo Chapin Recreation Commission- The Irmo Chapin Recreation Commission's Therapeutic Recreation afterschool program provides childcare for students with disabilities and special needs. Funds will be used to continue Afternoon Adventures at Crooked Creek Park and increase program capacity at Seven Oaks.

Irmo Chapin Recreation Commission– The Irmo Chapin Recreation Commission's youth athletic scholarship program will provide reduced registration fees for low-income youth athletes. Participants at Seven Oaks Park who meet income qualifications will have the opportunity to place all seasonal sports at one half the normal registration fee.

BE GREAT Academy Program– Boys & Girls Clubs of the Midlands Funds will be used for 55 low and moderate income youth to attend their BE Great Academy 2022-2023 after school program.

Harvest Hope Food Bank– Funds will be used to provide food through their Mobile Food Pantry Program, specifically by way of mobile distributions within Lexington County. It will provide nutritious food to neighbors in need. Food items will be purchased taking care to select nutritious options that may be used to prepare full meals.

WHAT IS CDBG?

Lexington County has been allocated approximately \$1.8 million from the United States Department of Housing and Urban Development (HUD) for the 2022-2023 Community Development Block Grant Program (CDBG). CDBG funds are spent on projects and activities that primarily assist low and moderate-income persons in securing:

- **Decent housing**
- **Suitable living environments**
- **Expanded economic opportunities**

Every project and activity must meet one of three National Objectives:

- **Principally benefit low and moderate income (LMI) persons**
- **Aid in the elimination of slums and blight**
- **Meet an urgent or unanticipated need**

LIMITATIONS

Activities including religious, political, or fund-raising activities, construction of new housing, and direct payments to individuals are **not** eligible for assistance with CDBG funds.

TIMELINE

Projects to be funded through the CDBG Program are determined each year and are identified in the Annual Action Plan (see Consolidated Plan). Proposals are solicited from various agencies as well as County departments that address the priorities of the Program including water and sewer providers, public safety staff, public works staff, non-profit agencies, and others.

An annual application workshop is held each fall to assist potential applicants with the CDBG application process.

Projects are evaluated and recommended by the Community Development Advisory Committee and the Grant Programs staff in the fall and winter months and then selected by County Council in late winter in conjunction with the County's annual budget cycle.

PRIORITIES

The priorities of the CDBG Program are established and reviewed every five years as part of the Consolidated Plan process. For program years 2019 – 2024 the following priorities have been established:

- Ensure adequate and dependable public facilities are available to provide for basic and essential needs and services.
- Ensure adequate and safe infrastructure to meet basic needs of residents.
- Establish or support programs that provide needed public services and/or increase the level of service provided by existing programs.
- Support and provide assistance to nonprofit and for-profit entities that create, increase or retain employment opportunities for LMI persons.
- Provide and/or support adequate, safe and affordable housing.
- Provide mechanisms and forums for collaboration, coordination, and capacity building.

HOW CAN FUNDS BE SPENT?

CDBG funds can be spent in many different ways to improve communities. Potential activities include:

- Housing repair programs
- Infrastructure improvements including roads, bridges, and water and sewer facilities
- Community and senior centers
- Other facilities for the public including libraries and parks
- Public services carried out by non-profit agencies such as Meals on Wheels, YMCA, domestic violence shelters, etc.
- Code enforcement
- Accessibility improvements for the disabled
- Job Training
- Historic Preservation

CONSOLIDATED PLAN

Federal requirements of the CDBG Program include the preparation of an annual plan, performance report, and a five-year plan updated every five years. Collectively, these requirements are known as the “**Consolidated Plan**”. These documents provide an analysis of the County's housing and community development, how CDBG funds will be utilized, and the annual accomplishments of the CDBG Program. Citizens are provided with the opportunity to participate and comment on each of these documents. To read any of these documents, go to www.lex-co.sc.gov and click on Community Development, then click on links under Grants Program Division.

FREQUENTLY ASKED QUESTIONS

Q: Who determines what projects will be funded each year?

A: Various methods are employed in determining how funds are to be expended each year. Citizen input at public hearings, comments submitted from the public, comments from low and moderate-income service providers, and input from County Council, the Grant Programs staff and other County departments are key factors in identifying projects to be funded. Funding recommendations are made to County Council by Grant Programs staff with input from the Community Development Advisory Committee. County Council then decides what projects are to be funded. The review process begins in the fall and generally ends in late winter.

Q: How does the County receive CDBG funds each year?

A: Lexington County is eligible under Title I of the Housing and Community Development Act of 1974, as amended, to automatically receive annual allocations of CDBG funds each year under the Grant Entitlement Program. Section 24 Part 570 of the Code of Federal Regulations (CFR) regulates the CDBG entitlement program.

Q: What are some of the program requirements?

A: A majority of funds must be spent on projects that benefit low and moderate income persons. Every project must meet one of the national objectives and must be consistent with the County's community development goals and objectives identified in the Consolidated Plan.
